Subject: NEPDG "Peer Review" Meetings This Week...

Andrew Lundquist and Karen Knutson of the National Energy Policy Development Group are going to meet with each "lead" agency over the next couple of days to discuss the progress being made on assigned chapters and the preliminary work being done on solutions/recommendations. Also discussed will be what we'll need/are looking for as far as graphics/photos.

You are all invited to ALL of these meetings (hence the name "Peer Review Meetings") but are under no obligation to attend (unless of course you're the lead agency). While Andrew and Karen will meet with each lead agency either way, YOU need only attend if you are interested in the chapter(s) being discussed and/or you have input/suggestions you want to discuss.

The schedule for the Peer Review Meetings is as follows:

Tomorrow, Tuesday, March 13: DOE @ 3:00.
Wednesday, March 14: EPA @ 10:00; State @11:00; Transportation @ 2:00; and Treasury at either 3:00 or 5:00 (I’ll let you know when a time is finalized)

Let me know what meetings you plan to attend, if any. All meetings will be held in 283 OEOB so we’ll need to get you cleared in with security.

Thanks and let me know if you have any questions. -Kjersten

These look different, not having the 3D effect and all.

What's the NEP schedule for today? Do you need me to go to the 11:00? I figure you are going with S1 to the 10:00. We have a 3:00 here (in 7B-040) to go over the policy options. We have a 4:00 Tuesday to go over the remaining DOE chapters. I don't think we have had any comments on them in over 10 days but I am still checking.

Paula is in Sacramento, en route to Salt Lake City. She'll be back in the office on Friday.

I gave her your message over the phone, and her question to you is, What are the time requirements? We (Paula and her staff) can work this over the phone (fax her notes to the hotel, where Paula can write up something this evening, ready for you early Thursday) or, if it can wait until Friday, she can respond when she returns. What's your preference?
