All,
Paula,

Can I get a title for each of these? I am literally cutting and pasting dozens of these and need to see how you want to characterize them. I have 2-pagers for all the ones so far. If have more information, it would be most helpful. Thanks.

What I really need from Paula are her Policy ideas. Due yesterday COB but reprieve granted until today. See e-mail a few days ago which explained this. Thanks! Call if questions. See new e-mail today about meeting on Monday to discuss.

I lost my notes from yesterday and want to recreate your infrastructure goal. Can you provide some language on the primary goal and sub-goals that support it. Thanks.

David, Andy, and Rick,

A new version of the NEP chapter on international issues.

David: Can you get it reviewed by your folks (not sure who it should go to other than Jim, so I am sending to you).

I haven't looked at it so I don't know if they took our comments (PO, IA, and EIA).

By the end of the week would be good. Thank you.

Margot, in our quick discussion at noon today, you had talked of sending down the electronic version of Chapter 7, so that we were all working off of the same product. Is that available?

Please use the revised one-page summary. We received updated information on the amount of remarketing/curtailments due to our agreement with McCook Metals. Thanks!

All,

This is the environment chapter (reflecting one round of interagency comments. I am unclear about the process on this one. I do know the topic was added in late. Not sure DOE commented on an initial draft). Please take a look and get comments back (sooner is always good, as in Monday COB). You will note that the authors (EPA) put in recommendations. Feel free to comment on them - they duplicate many of the ones you put forward. Recall that DOE is not putting in their proposals until S1 has had an opportunity to review (see last night’s note). I’ll send out another note before I go today updating you on progress from my end. Thank you everybody who have been crashing on this.

Here is the material you asked for. On the text in chapter 1, it really needs a good editing... but in addition, I can't derive some of the numbers.

As the request involves several different offices, the best way to coordinate is for us to get together and go through the list. Can we meet at 11:00 in the morning? We can get through the list in an hour. Please let me know if you can attend. 7B-040
