Paula,

Sent out earlier. No big deal on the deadline - would like to have your policy ideas by Monday (we have a WH deadline by Wednesday). I'll edit the goals using the input I got from you this a.m. Don't feel you have to dot every i - a solid paragraph for each program or policy idea will be enough for this first round. I'll compile what I get and send around in advance of a Monday afternoon meeting. I have a feeling this could go on for a week or two until WH decides what they want to go forward with.
Margot

All,

Sorry this took so long. Got jammed up. Here is where we are. I got comments on template and goals and tried to accommodate.

Who can meet on Friday afternoon?

Paul,

I lost my notes from yesterday and want to recreate your Infrastructure goal. Can you provide some language on the primary goal and sub-goals that support it. Thanks.

Joe,

It would be nice to have your 70 as well so we could put a complete list together. I have two-pagers (following our template) on all 60. What level of detail do you have on yours? We will likely get a few more in from DOE staff today.

Margot

We provide our options on Wednesday (3/14). We will need to whittle down the proposals to date. Did you get my earlier e-mail with the list of options?

When do we provide our options to the Task Force? I can't remember. This week?

Margot,

Your titles. I have amended the options I sent you to provide a title plus I indicated, as did others, what goal these refer to. Hope this fits the bill.

Okay, no problem. I won't bug you. We (DOE staff) will meet anyway at 3:00 to see if we can make sense of the 70+ proposals I have. Do you need anything for the testimony? I just finished a natural gas 1 and a for Whatley to use.
