All,

Margot
This was the schedule for Monday. Was it changed on Friday? I thought we may have pulled the morning meetings so everyone could react to our new 1/2. I will call over there.

I can go to the 9 and 10 o'clock as long as I can protect 11:30-12:30. If I don't have a staff meeting, my senior staff will kill me. Too much going that we have to coordinate.

We made a mistake in telling you in our prior e-mail that the Friday meeting
is at 1:00 in the afternoon. It's at 10:00 in the a.m. So, the earlier you
can get us your comments, the better. Thank you for all your help!
I'm still working on graphics. They will be sent later.

How do I edit this? If I want to add an action do I insert a cell or a row?

No, just finished editing 8 and inserting graphics (no guidance from program offices on placement). I edited with a view toward what are options are going to be - but this consistency check will take more work after we have the options list.

I split one action "Preserving U.S. Refining Viability" into two actions, but don't know how to edit -- here is the second part:

---

Maybe you can insert this when I am done working with the document, which will be awhile yet.

I am editing some of the policy options as I work on policy goals for action clusters. I hope that does not throw off what you are doing.

Thanks for getting these in, we will have full papers on Tuesday, possibly Wednesday, but these convey the gist of our ideas.
