Subject: clean coal technology
All,

DOJ just received a request from the WH to provide sources for By 5:00 today. I have just asked the WH to reconsider the deadline and to send the most recent drafts (all I have are the fact-checked versions I sent in this week). The WH will not be sending us the latest draft so we have to use the latest version I have. We need a brief coordination meeting at 3:00 today to figure out where we are going to do this. I'll photocopy everything I'll have and hand it out then.

Let me know if you can attend this meeting.

Thanks and let me know what meeting in 263 OEO.

Margot

Original Message

Kjersten,

I will definitely be attending the 3:00 today. Joe is jammed up with the Secretary’s testimony. I think you have all my info. In Andrew’s office, right?

Margot

Andrew Lundquist and Karen Knutson of the National Energy Policy Development Group are going to meet with each “lead” agency over the next couple of days to discuss the progress being made on assigned chapters and the preliminary work being done on solutions/recommendations. Also discussed will be what we’ll need/are looking for as far as graphics/photos.

You are all invited to ALL of these meetings (hence the name “Peer Review Meetings”) but are under no obligation to attend (unless of course you’re the lead agency!). While Andrew and Karen will meet with each lead agency either way, YOU need only attend if you are interested in the chapter(s) being discussed and/or you have input/suggestions you want to discuss.

The schedule for the Peer Review Meetings is as follows:

Tomorrow, Tuesday, March 13: DOE @ 3:00.

Wednesday, March 14: EPA @ 10:00; State @11:00; Transportation @ 2:00; and Treasury at either 3:00 or 5:00 (I’ll let you know when a time is finalized)

Let me know what meetings you plan to attend, if any. All meetings will be held in 283 OEO so we’ll need to get you cleared in with security.

Thanks and let me know if you have any questions. -Kjersten
Received. Thanks.

Subject: Revised FE NEP Papers — Oil and Gas
Importance: High

Attached are our revised papers. As you requested, all file names remain the same, and appear as a header in each paper.

The title on two papers was changed (see below). And, with limited exception, the Description of Action in each paper was changed to be more descriptive. The crosswalk to your numbering system is as follows:

Jay Braitsch and Doug Carter will be out on Thursday and Friday so if you need assistance, call me 202-586-6458.

Best regards.

Jeff,

Thanks. Are these file names the same as the ones you previously sent. If not, I'll need to know what files these replace (otherwise I can't figure out where they go in my compilation documents.) Also, did you insert the filename as a header for each one? Sorry for these nitpicking requests but I am juggling over 80 policy options.

Subject: NEP Policy Options

All,

As of Friday, I received about 65 policy options. I put together the summaries for each (attached) and will have the whole set photocopied to bring to today's 3:00 meeting (7B-040). I need to rearrange these by topic (not everybody identified which policy goal (from the list we put together) the option went with. Right now it is just a listing in the order received. Our goal for today will be to get a sense of what is most important and which ones we might want to go forward with for the WH group on Wednesday.

Subject: RE: NEP Policy Options

Revised goal list.
As we discussed, I am continuing to compile and order (by goal). E-me any more ideas. In WORD, please. I can't figure out how to get your the file list of ideas to date, but you have the package with the original filenames as headers. If you rewrite one, just rename so it will write over automatically when I save it. One file per idea is great but don't fret about it now - clearly, not all these ideas will move forward and they might get combined and reshaped. Plus the template.
