 IA - David Pumphrey

Let me know what else you need.

Thanks.

Let's try about 100. You can scale back if that turns out to be a problem.

Subject: copies of the report

With respect to my recent request regarding the number of copies of the report each agency needs, I want to make clear, in case there was any misunderstanding, that it was the final, printed report - not the draft distributed yesterday at the Principals meeting that I was addressing.
As we get closer to printing this thing, I need to know how many copies of
the report each agency needs and to whom you want them to go and where
(address including room #).
