I'm not sure whose nickel this is but I thought that I'd send along suggested captions for the figures that may be used in the interim report.

Following are some proposed captions. FYI, I was able to translate the text document you sent, but not the graphics. If you'd like my feedback on the graphics, you might ask whoever sent them to you to fax me hard copy.

Charlie,  

I am trying to send you a copy of the revised regional map but our lan PowerPoint is hopelessly jammed up and we can't get the edits in (not a good omen). I might have to bring a less than optimal version to the meeting for review. Unless you want a faxed copy (less than perfect now).

Fixed it!

New regional map.
Okay, my Powerpoint just died so this is a good time to quill. Got in all but 2 Agency edits (which were not crucial) and many of the editor's good comments on clarity, etc.

New Regional map, too.

Graphics finished (except one small detail that we are working on).

Spoke with DOE production folks and we will be good to go in a.m.

We need some proof readers, please. I am sure I missed stuff.

Okay, I'll let you know. Not sure yet what Joe wants to do and he is out until Monday.
Can you add Kevin Kolevan to our list. He will likely sub for Joe on policy matters.

Margot - when you get a chance can you let me know who from DOE will be attending the DOE peer review meeting on Tuesday? If there is anyone other than you and Joe we'll need to get their full names, SSN's and DOB's so they can be waived in.

Thanks so much, Kersten
