Charlie and Karen,

Margot
Charlie,

Just a reminder but I still don't have this.

Margot

Below are the comments/suggestions re. graphics for the interim report

FYI,
I'll be in tomorrow morning, but out for the rest of the day. If you think
you'll need me for a meeting on graphics early next week, please let me
know ASAP, since I currently have afternoon meetings scheduled for Monday and
Tuesday afternoons (which I can reschedule with sufficient notice).

Subject: some great policy ideas

Sensitivity: Personal
Margot asked a question with respect to what media the photographs should be in.

We want the following: either prints, slides, or transparencies.
Margot asked another clarifying question regarding graphics that are photo-like, such as maps. We would like hard copy from a laser printer rather than a pdf file.

Secondly, with respect to photographs, the print that I referred to previously is a print from a negative - just in case there was any confusion/question.

You know, if I ever have to do this again, I'll be able to give one comprehensive set of guidance/instructions - wouldn't that be helpful? Bear with us, we're all learning this together.

MaryBeth
Jay

Margot has suggested that you would be the appropriate points of contact for recommendation/selection of photographs for a number of chapters in the NEP report.

Let me know.

Thanks

Subject: Speech by Karen Knutson, Office of the Vice President, before NASEO

I just returned from the National Association of State Energy Officials (NASEO), 2001 Energy Outlook Conference which was held February 26 - 28, here in Washington DC. Of particular interest was a presentation by Karen Knutson, Deputy Director, National Energy Policy Development Group, Office of the Vice President. She discussed the development of the Administration's National Energy Policy.
I just returned from the National Association of State Energy Officials (NASEO), 2001 Energy Outlook Conference which was held February 26-28, here in Washington DC. Of particular interest was a presentation by Karen Knutson, Deputy Director, National Energy Policy Development Group, Office of the Vice President. She discussed the development of the Administration's National Energy Policy.
Subject: NEPDG "Peer Review" Meetings This Week...

Andrew Lundquist and Karen Knutson of the National Energy Policy Development Group are going to meet with each "lead" agency over the next couple of days to discuss the progress being made on assigned chapters and the preliminary work being done on solutions/recommendations. Also discussed will be what we'll need looking for as far as graphics/photos.

You are all invited to ALL of these meetings (hence the name "Peer Review Meetings") but are under no obligation to attend (unless of course you're the lead agency!). While Andrew and Karen will meet with each lead agency either way, YOU need only attend if you are interested in the chapter(s) being discussed and/or you have input/suggestions you want to discuss.

The schedule for the Peer Review Meetings is as follows:

Tomorrow, Tuesday, March 12: DOE @ 3:00.

Wednesday, March 13: EPA @ 10:00; State @11:00; Transportation @ 2:00; and Treasury at either 3:00 or 5:00 (I'll let you know when a time is finalized)

Let me know what meetings you plan to attend, if any. All meetings will be held in 283 OEOB so we'll need to get you cleared in with security.

Thanks and let me know if you have any questions. -Kjersten

Kevin -

In the interest of zeroing in on a place to meet Friday, we were thinking 701 Pennsylvania may be convenient for both of you. If that does not sound good, perhaps Oceanaire (1201 F Street) would be an option.

In any event we look forward to seeing you guys - perhaps 12:00 noon?

All best

Chip

Subject: Meeting

Kevin -

As you know, energy policy is a critical issue for the commercial real estate industry. Our organization has historically been very active in a number of energy matters affecting commercial property.

As your schedule permits, Roger Platt and I would like to meet with you to compare notes and initiate a dialogue with you and your colleagues about the role of real estate in a national energy strategy.

We look forward to meeting with you.

Many thanks and all best
